Rev & dear Father

It is with feelings of
gratitude and pleasure
address you. He arrived at this ^{place} on Sunday the
and came to an anchor about 4 O'clock in the
morning at 9 Mr Brown accompanied by Capt Ross
came on board to see us and after breakfast we
went on shore and proceeded to Chapel together
Mr Brown pressed upon me much to preach which
I felt unwilling to do as I was so unfit from having
been deprived of regular sleep, tho the intense heat
for 2 or 3 nights before we landed. But notwithstanding
breaking this, I felt my soul much blessed, and I do
believe the people were blessed also. On Monday
we waited on his Excellency the Governor, who received
us very politely, welcomed us to the Colony, and wished
us success in our Mission and a continuance of health
such what I have been able to perform. I think it is
tho the welfare of this Colony. We have been with
Mr Brown to Portuguese and Indian town where he
has had to preach, and I truly my soul was blessed
then did I see more simple sincerity than in many of
these poor people. It appears that the Lord has very lately
been reviving his work among them, and many have
found peace with God, and simple as they are in the
manner of expressing their feelings, yet it is very evident
they enjoy the peace of God. On Tuesday evening we went
to Portuguese town, and just as we arrived the Dock
(head man) had just sent his boy armed with a small
bell to summon the people to meet. ~~Just~~ the town
they are in calling them together. He met one of the members
who had lately found peace with God, and questioning him
on the subject, he said. O yes Master we feel good in my
heart, we look up, we see Christ, we look down, we
see Christ, we look in a bush, we see Christ, we see him all
every where. Referring on we called at a hut where we found
a poor woman quite in transports. She had since the
last visit to the town while engaged in prayer found peace
and her language now was. Glory be to him who
want to go to him, we times, (meaning that moment)
indeed her very eyes sparkled with joy. The wretched
meeting house, (of which Mr Brown will give you a narra-
tion when he arrives home) was filled with the divine
presence, the prayers of the people ardently proceeded
from their hearts.
