

a comfortable circuit for this barren wilderness, Mr. Kirk is a member of Society but as a schoolmaster he is under Government, and lives with Mr. Stewart. I still continue to superintend the Temac Captured Negroes' school, and spend as much time among them as I conveniently can. If I was permitted to leave, I stand in need of further instructions respecting the House &c. If I stop I intend requesting a new grant, as the present one is not perfectly correct and I expect to get little more ground, it is a valuable spot. it will always sell for what it cost. Likewise the present grant is drawn and given to Dr. Coke his heirs &c. I asked advice before but received no answer, you are now preparing for the Conference, may God be abundantly with you. If I had wings I would certainly fly. but poor ^{me} no Conference nor a meeting of Brethren in the Ministry have I but as it was

in the beginning is now, but I hope to see a change. Noting this, we have not had many deaths this Season, I feel tolerably strong, and wish to be useful wherever I am, I feel greatly obliged to you my Brother, for your sympathizing & kind attention to unworthy one, my God reward you, please present my respects to Mrs. & family likewise to the committee and all friends. I am sorry to hear that the vessel cannot follow in London, I received kind letters from good Mrs. & Mr. Fleming, they are truly valuable friends. Be thankful for a letter which you can ^{time} there, and aware your work is great.

I am Dr. Sir

Yours very affectionately

William D. Wells
