of the Mission or my own comfort

Another reason is I have no person
to attend to the concerns of the house
my own comfort, either of Body, or
mind. If I was to engage an housekeeper
it would cost at least 50 L per Ann. There
are other reasons which are plain and
weighty. But in this and other matters
which relate to myself or the Mission
I am desirous of attending to the providence
of God and the instructions which my
kind and respectable Father, who compose
the Committee may communicate.
