

Sierra Leone July 26th 1811

Rev & dear Father

This goes by Miss C. L.

Genl. Cartwright, who is returning to England on
 some family business, but returns here
 as soon as that is settled. He sent for me
 this morning on some business he wished
 me to do, & I then asked him if I might
 have the Honour to introduce him to you
 by Note: He immediately answered he should
 be happy of the opportunity of seeing you
 & observed, he would send on my letter to
 you & accompany it with his address where
 you might have an opportunity of seeing
 him. That he deserves this you will I
 have no doubt agree with me, when I
 assure you a Governor more kind and
 indulgent than he is, I think no Missionary
 has, and I do most firmly believe he would
 do every thing in his power to forward the interest
 of Missions. As he behaved to Mr Davies & others
 so he has been the same to me, & would to any
 who conducted themselves orderly.
 In addition to our free & quiet enjoyment of
 every Religious privilege, he has on many occa-
 -sions done me an honour of which I feel myself
 unworthy, no later than Thursday last, he at a
 Public Dinner returned me thanks for what he
 called my great exertions in the good cause of bettering
 Africans by Christianity.
