

We have had some increase to in the last quarter, in renewing the tickets I have in general found that they had gone a remove towards the kingdom of heaven, the number this last quarter is 129. Since I have been here about 11. have found peace with God, and I have left the Church militant to join the brethren the other side Jordan. Since I have lost my dearest partner, I have spent many gloomy hours, by day and by night, but hitherto the Lord hath not given me up neither hath he forsaken me to his name be glory for ever. I have inclosed, you a copy of my Monthly return to the Excellency the Gov. of my School. I spend as much time as I consistently can, every day in

the school and find that the children are getting on gradually. I have visited at different times some places in the neighbourhood, but I can not do much in the Country without a horse. especially as I am alone and having so much to do in the town if the place was not so expensive, and the Society so small I would earnestly beg for a colicage. I could have plenty of work for it a day. If I could have consistently left this place, I would have gone boldly to try the Country, as far as Timbo. the Capital of the Foulah King. if you recollect there were 2 missionaries appointed by Conference for the Foulah Country in the year 96. but I suppose that they

were never sent. I have seen some Foulahs in the Colony lately, they are tall and well built. in general Ah, as far as I could perceive Mahomedans. I have seen some of their Arabic Gregories, they think much of having the Temple in Mecca and the prophetic name on their books, they believe that that will preserve them from many dangers. I have sent an Arabic Bible to the King. I asked them if they should like for me to come there to teach them God's word in English they said they would be glad. and would mention my name to the King. I should be glad if I could get a few Arabic Bibles out as I have often opportunities to send them to different parts of Africa. and have but one left, I long with all my heart that the time may come when Ethiopia will stretch forth her hand and Ham's children will be given to Christ. I have nothing particular to add at present please to present my respects to the Committee, I received your letter and others with Dr. Stornum's, I have not been in Chapel yet. with respects to Mr Wood & yourself I am Sir yours affly
