

P.S. you will see that we had written for a long time about the
 but since we had written the last time for Mr. Crilly he
 been in our school inquiring about the boys, their names
 & he told us that whatever we wanted in the school
 we must give him a lot of and he would send for the
 the 2. When. Parents will be useful. J. Hunt

There are to certify that Mr. J. B. Healey
 has suffered much in his health from
 Fever, during the rainy season of this, &
 the preceding year, & that in consequence
 of visceral affection following the attack
 of Fever of this year, I am of opinion a
 change of climate is indispensable for
 the complete recovery of his health.

given at Freetown, Sierra
 Leone, 21st Dec^r, 1874

Robt. L. Parker
 Surgeon to the Govt
