

Many of them would begin and say a few words
and their heart full hearts would then present them
and bursting into tears they would exclaim, My Brother
My Sister me no sauce till what my heart feels.
Our Moor a Section of the Friends of the Cause, brought
- me to the truth of Religion, One Man was brought
into liberty and was exclaiming, I am now believe
I feel the Love of God, I immediately after him gave
his wife and bore testimony to the same truth, this
caused a thrift of joy to come this the whole, many
bore testimony to their growing in Grace, & among
do believe received a deeper baptism of the Holy
Spirit, and many who are seeking had their desires
considerably strengthened, Our watch night the next
evening and the Covenant on that Sunday were
marked by the divine presence & was a sensible
blessing to many. And thank God this work
goes gradually on. Sinners more or less coming and
saying we will go with you for we have had is worth
your some weeks one or two others 3 or 4 last Saturday
night I think it was 4 or 5 admitted on trial and
I assure you I do not even admit them on
trial till we have every reason to think they are
earnestly seeking God. Our Town is reduced
from 25 to 10, (and I could wish they had not been
so indiscriminately admitted here) and yet our
numbers are more than last account, and some
several of our members have died within the
last 6 months and among the rest a Mrs Cum-
mins who had been a Backslider from God
and was when we came here moping on a lifeless
frame. But one evening while I was preaching
from "the end of all things is at hand"
she was sensibly and powerfully awakened. She
struggled hard for liberty and it was I think the
very evening before our Lovefeast, while Bro Gillman
was preaching, her soul was set at liberty, but it
was not so powerful but she resisted it and could not
believe, but the next evening at the Love feast she
was fully delivered & enabled to rejoice. Tuesday week
before Christmas I gave her her Ticket & joined her
well & happy in God. The day following Christmas
day while surrounded by her friends, she escaped away
to Heaven this stirred up other Backsliders, who began to
consider if they did not embrace the present it might
be the last call. This while it encourages & supports me
will I know report your health.
your respectfully Brother
